Education

Colorado State University <i>Computer Science Undergraduate</i>	Expected Jun 2030 <i>Fort Collins, CO</i>
IT STEP Academy Diploma in Software Development	2025

Technical Skills

Languages: Python, JavaScript, C#, SQL, HTML/CSS
Frameworks & Libraries: React, Django, Flask, EasyOCR, OpenCV, HDBSCAN
Tools: Git, GitHub, Unity, Vite, VS Code

Experience

Colorado State University <i>Computer Lab Assistant (Part-time)</i>	Aug 2026 - Present <i>Fort Collins, CO</i>
• Troubleshoot lab software issues and explain technical steps to help users complete computer tasks.	
IT STEP Academy <i>Programming Instructor (Part-time)</i>	Jul 2025 - Apr 2026 <i>Almaty, Kazakhstan</i>
• Taught Unity game development to groups of 10-12 students ages 9-16. • Delivered three 3-hour classes per week on Unity tools and programming fundamentals.	
E4 Capital <i>Web Software Developer Intern</i>	Feb 2025 - Mar 2025 <i>Almaty, Kazakhstan</i>
• Developed web components with React and Django based on requirements reviewed with staff. • Supported feature testing and deployment alongside the development team.	

Selected Projects

OutfitTunes <i>React, Spotify API</i> <i>outfitunes.com</i>	2025
• Co-developed a web app that turns Spotify playlists into outfit recommendations using artist genres. • Implemented genre mapping and outfit selection, including clothing customization and PNG export.	
Windows 7 Portfolio <i>React, JavaScript, CSS, Vite</i>	2025 - Present
• Built a desktop-style portfolio with draggable windows, a working taskbar, and a Start menu. • Used React state to manage window focus, minimization, and restoration; adapted the layout for mobile.	
Archive Hack OCR <i>Python, Flask, EasyOCR, OpenCV</i>	Sep 2024
• Built a Flask app at Archive Hack to extract and display text from archival images using EasyOCR. • Preprocessed images with OpenCV grayscale conversion and adaptive thresholding before text extraction.	

Leadership & Activities

High School Robotics & Programming Club <i>Founder & Instructor</i>	2025 <i>Almaty, Kazakhstan</i>
• Founded a robotics and programming club with 8 regular members. • Planned and taught weekly lessons in robotics and coding fundamentals for fellow students.	
Hackathons & Game Jams	2024 - 2025
• Created Echoes of the Past in Unity and C# during the 48-hour Nomad Game Jam. • Used Python and HDBSCAN to segment customers from bank transaction data at Decentrathon 3.0.	

Spoken Languages: English and Russian (fluent)
